Committed to our communities. Protecting tomorrow’s water resources by treating today’s wastewater through innovation and superior level of service.
Background

- S.K.F CSD was formed in Feb 1971, by the Fresno County Board of Supervisors.
- The treatment facility is located on 320 acres 1½ miles west of Kingsburg.
Service Area

- Selma-Kingsburg-Fowler County Sanitation District serves a population of over 40,000 residents between the three cities and unincorporated Fresno County.

- The Plant is capable of handling 8 MGD’s, but is currently operating at 4 MGD’s.

- The District maintains 168 miles of sewer line with pipes ranging from 6” to 42”
Selma-Kingsburg-Fowler County Sanitation District
Board of Directors

Chairwoman Michelle Roman, Mayor City of Kingsburg
Vice Chairman Buddy Mendes, Fresno County Supervisor
Director David Cárdenas, Mayor City of Fowler
Director Nathan Magsig, Fresno County Supervisor
Director John Trujillo, Councilman City of Selma
Valley Regional Occupational Program

The History of ROP:

Regional Occupational Centers and Regional Occupational Programs, which operate throughout the state of California as part of the Department of Education, were formed in the 1960’s to provide high quality career technical education to a large number of the population that cannot be provided for adequately, efficiently and economically by a single school or district. High School freshmen students through adult are served. High school students who take ROCP Courses to supplement their curriculum receive high school credits.

Valley ROP:

Valley Regional Occupational Program was established in 1971 as a Joint Powers Agreement ROP between Cutler-Orosi, Dinuba, Kings Canyon, Kingsburg Joint Union High School, Parlier, Sanger, and Selma School Districts. For the 2018-19 school year, Valley ROP currently serves over 6,300 students, throughout our seven partnering districts. A budget of $2.2 million supports the entire operation of Valley ROP. Valley ROP and member districts enjoy a unique partnership that allows and encourages program development with a strong emphasis on instruction and classroom support. High school students who take ROCP Courses to supplement their curriculum receive high school credits. Valley ROP also provides a wide offering of Dual Enrollment Courses through the partnership with State Center Community College and College of the Sequoias. During the 2018-2019 school year, Valley ROP offered 201 Dual Enrollment courses and over 3,500 students were able to take advantage of the benefits of the program.
